

JÖNKÖPING UNIVERSITY

Dear future JU student,

Congratulations! As you should have been informed by now, you have been offered a place of study at the Pathway Programme at Jönköping University. I realize that this is a major and important step in your life, and I believe that you have made the right decision in choosing Jönköping University to prepare yourself for a career and future employability.

Jönköping University is characterized by focused profiles: internationalization, sustainability, an entrepreneurial spirit and collaboration with the surrounding society. We are one of Sweden's most international Universities having around 11 000 students representing 120 countries studying at our schools.

As a student in the Pathway Programme you will be living and studying in the beautiful and safe town of Gränna, situated 40 km north of Jönköping. The campus is located in the center of Gränna with modern teaching facilities within walking distance from student accommodation. The campus is surrounded by fantastic nature with good hiking and sport activities for all students to enjoy.

Some of the education will take place at Campus Jönköping which is situated right in the center of Jönköping, close to everything that the city has to offer. Jönköping is one of Sweden's ten largest cities and is also one of the most beautifully situated at the juncture of three sprawling lakes.

Over the next few months, you will receive some more information from us to ease your arrival to Sweden, Jönköping and Gränna. Please read the information carefully, and if you have any questions, contact us at pathway@ju.se.

I want to extend to you my warmest welcome to Jönköping University and I look forward to meeting you when the semester starts!

Eva Gipperth
University Director
Jönköping University
